

FAVOR ORDINANCE REQUIRING PERMIT FOR ALL CIRCULARS

Council to Repeal Previous
'Permit' Ordinance and
Submit New One to Vote.

At a meeting of the committee of the whole of the common council, held in the city hall last night, an ordinance, introduced at last week's regular meeting, prohibiting the distribution of advertising matter without a written permit from the chief of police, repealing ordinance No. 119, and providing a penalty for the violation of any of the six sections, was favorably reported and will be referred to the council for a vote at the regular weekly meeting next Monday night.

Ordinance No. 2139, which requires persons distributing advertising matter to pay for a permit, will be repealed if the new ordinance is adopted and the city controller will be authorized to defend on demand to all persons to whom licenses were issued and who shall surrender such licenses, a proportionate part of the license fee paid.

Under the new ordinance, under which a permit will be issued for a license, but a sample or description of the material to be distributed must be furnished to the chief of police before a permit for distribution will be permitted. Violators of the ordinance will be fined not more than \$10 and not more than \$100.

The ordinance was introduced to prevent the distribution of alleged medical supplies and booklets by means of children, and to prevent the distribution of matter such as a written or printed card, circular, coupon, pamphlet or folder intended for distribution, except newspapers, can be distributed only after a proper license has been obtained.

An ordinance to name a part of a certain alley between Main and Lafayette streets, to be known as N. Court st., was referred to the council for a vote at the next regular meeting.

An informal discussion was held after the regular meeting called for meeting to discuss a proposed ordinance which will restrict the speed of motor trucks and the practice of overloading. The latter evil has been said to be the cause of many accidents and the cause of damage to many streets because of the excessive loads.

Truckmen appear. A committee of local truckmen appeared at the meeting and through their representative, Harry Lee, decided to form an agreement between themselves whereby they will restrict their drivers to haul only the gross capacity of their trucks. They have also agreed to refrain from driving on streets unsuitable to the strain of heavy hauling, wherever they can without being compelled to make too great a detour.

The council members announced that it was not their intention to force the heavy trucks off the streets but to compel them to cut down their speed and do away with the practice of overhauling. With such change covered by an ordinance and stringent measures brought to bear on violators when arrested, the council members believe that the increasing depreciation of city streets will be partly overcome.

No definite ordinance has been drawn up and will be withheld for at least another week until the representatives of the truckmen and the council members can investigate matters further.

Whitten appears before commission. City Planning expert to be named soon—Bartholomew also to appear.

Robert Whitten, Cleveland, city planning expert of national repute, appeared before the zoning and planning commission last night in the office of the mayor, for his second visit within the past few months.

Mr. Whitten was requested to appear before the commission in regard to further information received preparatory to appointing a city planning expert. A number of details to be carried out in the expansion movement were discussed.

Bartholomew, St. Louis, has also been requested to appear before the commission for another hearing and the selection of a city planning expert is expected to be made between these two men. Mr. Bartholomew has been unable to give a definite date that will be available for him to appear before the commission, but is expected in this city during this week.

DR. GARDINER TO
LEAVE CITY SOON

St. Paul's Church Pastor to
Leave for Chicago Pulpit
on June 1.

Dr. James L. Gardiner, pastor of the St. Paul Memorial Methodist Episcopal church, will have his pastorate here on May 31. His transfer to the Austin Methodist church of Chicago was originally to take place in September, but according to Thomas Nicholson, of the Chicago area, Dr. J. S. Ladd Thomas, the present pastor, closed his pastorate there Sunday and will leave this week for Philadelphia.

The necessity of Dr. Gardiner's being in his new field as early as possible is responsible for the change in the date of transfer. After closing his pastorate here May 31, Dr. Gardiner will leave immediately for Chicago.

While Bishop F. D. Leach of the Indiana area appoints a successor to the pulpit at St. Paul's church, the pulpit will be supplied, beginning June 4, by a pulpit committee headed by Col. G. M. Studebaker. Several persons are being considered by the committee. It is said, but as yet no selection has been made.

Rollicking Farce Cleverly Offered by Stock Company

Oliver Players "Go Over Big"
in "Parlor, Bedroom and
Bath" Monday.

Hitting on all six Monday night, the Oliver players got away with a rollicking six-act comedy, "Parlor, Bedroom and Bath," at a speed that almost needed the chief of police, repelling ordinance No. 119, and providing a penalty for the violation of any of the six sections, was favorably reported and will be referred to the council for a vote at the regular weekly meeting next Monday night.

The entire cast seemed to be especially well fitted for the characters they assumed and carried the action of the play rapidly to a conclusion. The play is a comedy in the entire piece.

"Parlor, Bedroom and Bath" sounds sly, and like most bedroom farces is just a trifle suggestive in spots, but not enough so to offend the most discriminating taste. It is full of complicated situations while the lines are crisp and snappy throughout.

On the theory that no woman wants a man no other woman would have, entanglements start when Reginald Irving learns that he must continue to make his romantic wife believe that he is greatly sorry after her own words.

Light Comedies in Demand. Judging from the way Monday night's audience received "Parlor, Bedroom and Bath," light comedies of this sort should be in demand. Miss Jessie Dunning, Mrs. Angeline Irving, had little opportunity to display her talent as a comedienne, but took every advantage that was offered her.

Miss Madge Haller, as Polly Hathaway, correspondent of the "Town Tattler" and her first real chance to show what she could do with a rapid-fire, breezy part and she certainly made the most of it. Her interpretation of humorous and satiric lines was unusually clever.

Glenn Coulter, as Reginald Irving, a man with a past, added to the merriment, by his humorous antics. James Leroy, as a friend of Reginald, handled some difficult situations very nicely.

This week Miss Helen Martelle, strange to say, was not a vamp. Instead, she was a "society lady" dignified and solicitous.

William V. Hall and Miss Lillian Salzer played the indulgent husband and the beautiful, young, pampered wife in a convincing manner.

NEW RECORD IS SET
IN POLICE ARRESTS

Fifty-Three Taken Into Custody Saturday—73 Docketed for Trial.

A total of 73 names were on the city court docket for disposal Monday, establishing a new record. Sixty-five of these were new cases. In consequence of over-Sunday arrests, making a one-day police record, Saturday's arrests totaled 53.

One raid alone brought 21 men, all colored, to the attention of Judge DuComb when this number, taken into custody for gambling after Sunday morning at Clarence Elliott's, 118 S. Polk st., "soft drink" parlor, threw themselves on the mercy of the court. Fines of \$5 and costs were assessed against 10, cases against the others being dismissed upon showing they had not participated in the play.

Nab Speeders. More than a score of defendants represented by the motor vehicle laws, the majority of which were charged with having improper licenses. Saturday and Sunday were also big days in the number of "speeders" taken into tow.

Five persons were charged with violating the liquor laws, the result of police excursions against places dispensing liquor. Two women and a man, were charged respectively with operating and frequenting a house of ill fame.

Residence Thoroughly Ransacked by Daylight Thief; Escapes With \$5

Absence from the home of F. B. Curtis and other members of his family for little more than an hour could be accounted for, this morning, by the fact that a thief had ample time to force an entry through a basement window, ransack the premises and escape with \$5, consisting of small change.

The Curtis home, 323 N. Main st., was a scene of confusion on the morning of May 15. Curtis, who lives with his next door neighbor, Dresser and buffet drawers had been rifled and contents strewn upon the floor. Nothing of value was taken, with the exception of the money, so far as could be ascertained. This morning the police reason to believe that money was the thief's object.

Police have been furnished with the description of a man shabbily dressed, who approached Mrs. George Goetz, 222 W. Madison st., for a meal. The man appeared at the Goetz home, it was said, about the time the Curtis home had been robbed. It was the first daylight robbery which has come to the attention of the police for several weeks.

ASK LEGISLATION FOR
CONTINUOUS CHARTERS
TO NATIONAL BANKS

Support of legislation which will provide for the granting of continuous charters to national banks instead of 10-year terms as at present was asked yesterday by the Merchants National bank of this city and the First National bank of Elkhart. In appeals to Senator Watson and New Congressman A. J. Hickey, of the 13th district.

D. W. Coen, cashier of the South Bend banking house explained last night that under the present system national banks must renew their charters every 10 years. This prevents the acceptance of trusts for a period of more than that time and also necessitates much work in re-chartering the banks. A bill providing for the change is expected in congress this month.

RECEIVES DETAILS OF PAIGE RECORD

Local Dealer Acquainted With
Remarkable Record Made
on California Track.

Complete details of the new world's stock chassis record for 25 miles made by the Paige 6-54 Dayton model on the Cotati, California, track Sunday, May 7, have just been received by W. D. Owen, of the Owen Motor Sales Co., local Paige and Jewett dealers. The Paige, a stock chassis model, made the distance in 15 minutes and 27.95-100 seconds, traveling at the terrific speed of 56.58 miles an hour.

The most interesting and significant feature of the remarkable performance is the fact that in order to establish a new world's record for 25 miles the Paige had to shatter records made by itself about one year ago on the Uniontown, Pa., track. At that time it broke all world's stock chassis speedway records from 5 to 100 miles. These records remained untouched and even unchallenged until the Paige tackled them on the California track.

The previous world's record for 25 miles, set by the Paige itself, was 16:34, or 30.1 miles an hour, so that the performance in California shows a marked improvement over a figure that no other car was able to flower or even equal in a year's time.

Piloted by Earl Cooper and clocked by Fred Wagner, official timer for the A. A. A., the record-breaking performance of the Paige at Cotati was an exhibition dash against time, staged as a preliminary to a regular racing program. All regulations for such speed trials having been duly complied with, the A. A. A. has authenticated the California performance and the new Paige time for 25 miles is consequently proclaimed the official record for stock chassis.

Leaflets With Parking Ordinance and 'Don't's' For Motorists Issued

Parking ordinance and the principal "don'ts," which motorists are requested to familiarize themselves with, are being distributed by Chief of Police Lane by order of the Board of Public Safety. The reverse side of the leaflet carries a sketch of the preferential traffic streets, denoting angle and parallel parking and limited parking limits.

The following is a list of "don'ts": Do not park within 15 feet of a fire hydrant. Do not park in safety zones. Do not turn to right at intersections when semaphore signal shows "stop". Do not make left-hand turns between intersections. Do not park left side of your car to curb anywhere in city limits. Added to the foregoing are these instructions: Park your car within white lines as marked on streets. Parks are closed in "No Parking" zones long enough to load or unload passengers or freight. If in doubt ask an officer.

NOTRE DAME NOTES

Many out of town guests who will attend the Notre Dame Senior Ball Wednesday night will arrive in South Bend today, according to the general committee. About 50 outside guests are expected. No official entertainment has been provided to take place before the ball tomorrow night.

The remainder of the week will be given over to activities, however. Thursday night, the university Glee club will hold a dance in honor of the graduates and Friday night another dance will be held.

Students of mining engineering at Notre Dame will receive practical training in their work in June, in the form of a field trip to the important mining districts of Ontario, Canada. The class, accompanied by Prof. Smith, will visit the nickel and copper mines of Sudbury, iron mines at Nooset Mt., the silver mines at Cobalt, the gold mines at Kirkland Lake, and the largest gold mine in the world, the Hollinger, at Timmins, in the Hudson Bay region. The trip will be a study of the various methods of mining. The geology of the areas will be studied and a complete survey of a mine will be made by each student with university equipment. Employment will be available for those who remain during the summer.

Future "club" reporters, now under the guidance of Dr. John M. Cooney of the department of journalism at Notre Dame, are planning to attend the annual department banquet to be held May 23, in honor of the members of the club. An after dinner program has been planned but the committee has charge has announced that this will be very short and very snappy.

Local Woman to Speak at
Niles Banquet Tonight

Special to The News-Times. NILES, Mich., May 15.—Mrs. U. F. Davis, 211 W. Wayne st., South Bend, will be the principal speaker at the third annual Mothers and Daughters banquet, to be held at the Methodist Episcopal church, auditorium, here at 6:30 o'clock, Tuesday evening. Miss Ella Champion, primary supervisor in the Niles schools, will act as toastmistress. Hopkins' orchestra will furnish music during the evening, and a number of musical numbers will also be included in the program, which is as follows: Piano solo, Erna and Anna Marie Garlinger; reading, Mary Trask; vocal solo, Kathleen; solo, to Mothers, Mrs. Marjorie North; toast to daughters, Mrs. Erna Garlinger, and address, Mrs. U. F. Davis.

Automotive Men to Meet. The South Bend Automotive Trades Association will hold an organization dinner and meeting to-night at the Y. M. C. A. Dinner will be served at 6:30 o'clock. Further steps in the promotion of the association will be discussed.

Children Crusaders Keep Up Pilgrimage. WASHINGTON, May 15.—For the seventh time the children crusaders called at the White House today, seeking an audience with President Harding to urge him to release their fathers from political prison. The president again declined to see them.

Rakowski Victim of Raiding Detail; Find Four "Quarts"

The local liquor raiding squad, composed of Sgt. Delinsky and Officers Pinter, Kish, Whitmer and Fenger, descended upon the soft drink establishment of Steve Rakowski, 713 Indiana av., last night and had little trouble in locating four quarts of "mule".

The "mule" was secreted in the wall of the room, hidden by a wooden door. Many previous raids have been made to Rakowski's place by the police, it is said, but no evidence of liquor had hitherto been found.

Rakowski was charged with unlawful possession of liquor for the purpose of sale. He furnished \$500 bonds for appearance in city court this morning.

CHILDREN CRUSADERS
KEEP UP PILGRIMAGE

Comedian Proves Headliner on New Bill at Orpheum

George McKay Obtains Laughs
Galore With Monologue—
Dancing Act Pleases.

Fun seekers among South Bend theater goers were delighted last night by the appearance of George McKay, assisted by Otilie Ardine, in the new bill at the Orpheum.

McKay is a comedian of an unusual caliber and proved an immediate laugh-getter with his clever monologue. There are bits of conversation with Miss Ardine that are exceptionally good and the lady does a bit of dancing that adds much to the value of the act.

Rivalling the leading number in popularity is the offering of Miss Renee Robert, a toe dancer of no little ability and her partners, Syd Keyes and Jay Russell. One of the acts is a baritone and his songs please because baritones are few and far between on the local platform.

Dougal and Leary offer an array of songs that brought rounds of applause and an Indian number as an encore. The tenor voices of the pair are in rare harmony and their numbers are expertly chosen.

The Faynes appear in an act entitled "In the Conservatory," but this title is a bit misleading for the masculine part of the Faynes is a contortionist who monopolizes the act, and rightly so because of his ability. A bit of color is added to his performance by the presence of the feminine element.

Jim Cullen sings a round of parodies on popular song successes and also invades the blues-chasing field, but his subsequent release to what he calls his "joke book" is not so good.

Athletic skill is shown by the Vandeburghs, who complete the bill. Some unusually interesting pictures are shown in the Pathe news reel which precedes the vaudeville offerings with a Topics of the Day film.

FORMER BUSINESS
MAN DIES IN OHIO

Charles O. Smith, Former Local
Furniture Dealer, Dies
of Heart Attack.

Charles O. Smith, of Oberlin, O., formerly a partner in the Smith and Wherrett Furniture Co. of this city, died at the residence of his sister, Mrs. C. F. Mayer, in Oberlin Saturday and will be buried in this city Wednesday, according to word received last night.

Mr. Smith, who had left South Bend several years ago to reside in the Ohio city, died suddenly, death being due to a heart attack. He was born in Delphos, O., on June 5, 1887, and was 35 years old, on June 5, of which were spent in this city. He came to this city from Lafayette, Ind., in 1902, and in 1908 was married to Miss Belle Merryman, who survives him.

He is also survived by his parents, Mr. and Mrs. C. H. Smith, of this city; a son, Roger, of this city; two daughters, Mrs. C. F. Mayer of South Bend and Mrs. C. F. Mayer of Oberlin, O., and two brothers, Stephen L. Smith of South Bend and Daniel O. Smith of Gary.

The funeral services will be held at the residence of the parents, W. E. Keasey st., at 2:30 o'clock Wednesday afternoon. Rev. B. D. Beck officiating. Burial will be in Highland cemetery.

City Briefs

A benefit concert will be given Friday evening at the Westminster church by the Amphion quartet. The quartet will also furnish music at the Gallien, Mich., commencement exercises on May 26.

Charles Solmos, 21, of Laporte, and Walter Crowl, 19, of 213 N. Notre Dame av., were arrested yesterday afternoon by Officers Ostet and Kish, respectively. Solmos was arrested for having an improper license, while a charge of exceeding the speed limit was lodged against Crowl.

The last class of the season for the members of the Business Women's Bible class will be held next Tuesday evening at the Y. W. C. A. The classes will be resumed the first of October. The banquet for members of the class will be held at the Y. W. C. A. on Tuesday, June 6.

S. M. Robinson and Son, real estate dealers will close their office every Wednesday afternoon until June 1. The members of the club will give a picnic the second Wednesday of each month at Hudson lake for the members and their families.

Rakowski Victim of Raiding Detail; Find Four "Quarts"

The local liquor raiding squad, composed of Sgt. Delinsky and Officers Pinter, Kish, Whitmer and Fenger, descended upon the soft drink establishment of Steve Rakowski, 713 Indiana av., last night and had little trouble in locating four quarts of "mule".

The "mule" was secreted in the wall of the room, hidden by a wooden door. Many previous raids have been made to Rakowski's place by the police, it is said, but no evidence of liquor had hitherto been found.

Rakowski was charged with unlawful possession of liquor for the purpose of sale. He furnished \$500 bonds for appearance in city court this morning.

Market Summary

NEW YORK, May 15.—Steel stocks experienced a flood of realizing during the last half hour on the New York stock exchange today. Several issues of this group suffered sharp breaks.

Republic Iron and Steel dropped to 68 1/2, off nearly 4 points from the day's high, while Lackawanna reacted from 80 1/2 to 78 1/2 and Crucible sold down to 71, compared with the high of 77 1/2 on Saturday.

Profit-taking also gave the general industrial list a heavy tone at the close and Studebaker broke to a new low for the day at 115, while Baldwin got down to the same price.

Call money held at 3 1/2 percent.

Lehigh Valley Railroad for year ended Dec. 31, earned \$8.29 a share (\$50 par) on common against \$11.15 in 1920.

Indications point to an all-summer fight on the tariff bill. Stocks of gasoline on hand April 1, according to Federal Bureau of Mines, aggregated \$44,232,000 gallons or 47,000,000 more than on March 1 when previous high mark of \$67,000,000 gallons in storage was made.

No action taken on Sen. McKellar's resolution introduced in senate Saturday demanding congressional probe into price of gasoline.

Cosden and Co. for year 1921 earned 17c a share on common stock. Pittsburgh reports indicate steel industry will show marked improvement this week, orders having been received to resume operations of mills long closed.

NEW YORK, May 15.—Youngstown dispatch says it is reported that the merger between Republic Iron and Steel and Midvale Steel has been virtually consummated.

NEW YORK, May 15.—Private Liverpool cable says steady market in cotton. Large spot demand and some realizing on the advance.

NEW YORK, May 15.—Fair business in wheat for export Saturday, sales estimated at 40,000 bushels. Great portion Manitoba wheat, report of new crop trades unconfirmed. Foreign demand for corn Saturday was limited, no important business confined; 200,000 bushels rice.

NEW YORK, May 15.—The activity in Kennecott Copper is based on the belief that Mother Lode coalition will start dividends before June 15 at the annual rate of \$1 per share. Kennecott owns 1,375,000 shares or 51 percent of Mother Lode stock.

NEW YORK, May 15.—New York news bureau says: Freeport Texas Co. has brought in a discovery well opening up a new oil field at Stratton Ridge, Texas.

MARKET MOVEMENT UNCERTAIN MONDAY

Divergent Views of Professional
Traders Lead to Lack
of Decisive Tone.

NEW YORK, May 15.—Movements in the stock market Monday were very uncertain, losses predominating at the close. Divergent views of professional operators and subsistence of public interest emphasized the list's heavy or hesitant tone. Market advices over the week-end were in keeping with the course of the week. The favorable clearing house statement was neutralized by an extension of labor troubles and adverse reports from the Genoa economic conference.

The general rise in steel, which followed the news of the Bethlehem-Lackawanna deal, seemed to have lost much of its force as a bullish factor, although dealings in shares of that description were again very extensive. Excepting Lackawanna, which rose to a new maximum, but finished at a fractional loss, declines in the steel, including United States, Republic, Bethlehem and Crucible, ran from 1 to 4 points.

Oils were erratic. Copper was freely bought on the more stable conditions of the metal market, with U. S. List, 1 1/2-3 1/2, silver at a new high price for the
